The Pittsburgh Gazette

One of our city contemporaries conspicuously displays this announcement at the head of its columns:

"The *Commercial* is the largest daily paper in the State, and gives daily one-fourth more reading than any other paper in Pittsburgh. It is the only Pittsburgh paper that uses the telegraph liberally, gives full market reports, and all the news of the day."

The *Press*, of Philadelphia, for twelve months past, at least, has been larger than the *Commercial*. Now the GAZETTE is larger than either. Though not given to poetry, we cannot forbear quoting a line from a celebrated poem that once appeared in the New York *Tribune*, and has often since made a commotion:

"Tear down that flaunting lie."

Will you do it?

The city nominating Convention of the Labor Reform party, held last evening, was attended by but few delegates, and the putting forth of candidates for the municipal offices was postponed. The enthusiasm of the voters who departed from the ranks of the Republican party for the new organization has been rapidly subsiding since the recent election, by which it was clearly demonstrated that the movement was to strengthen the Democracy. Those who wandered from the fold have discovered that their best friends remain in the ranks of the Republican party, and that in its keeping their interests will ever be guarded, and labor reform best be accomplished through its influence and support.

We received by Associated Press last night a statement of the public debt, which was so mixed up and full of errors that we cast it into the waste basket, as the indebtedness might be more easily paid than stated by the figures furnished. At a late hour corrections followed, which only served to increase the stupidity of the original figures.

GLEANINGS.

Intense excitement was felt in Chicago on Sunday afternoon over the adventure and inevitable fate of two fool hardy young men. They took a little three seated sail boat, and after sailing about for a while, ventured outside the breakwater, where their boat became unmanageable, and was completely at the mercy of one of the severest gales of the season. The helpless young men cried loudly for assistance, and an immense crowd gathered on the shore to watch, with beating hearts and strained eyes, the frail craft and its helpless crew, but no one volunteered assistance. No one of all that crowd raised a hand to help rescue the fellow-beings who were in such imminent danger, until a man, a stranger in Chicago, offered fifty dollars to the men of the craft who would first overtake and rescue the unfortunate couple. This acted like magic, and three tugs started at once, manned with men who would work for a part of fifty dollars, but would not to save the lives of two men. These tugs were out several hours, but found no boat, and it is supposed that the increased severity of the gale capsized it and that the passengers were drowned.

The railroad authorities at Cheyenne Station, on the Union Pacific Railroad, have had trouble with squatters, who assert their right to the land on which they have built. Three hundred soldiers have been ordered to tear down the shanties and guard the ground, and to shoot any one attempting to re-build there. The feeling is said to be exceedingly bitter, as indeed we may well believe, and the squatters have held an indignation meeting. At present all is quiet.

A man in Cincinnati, while sitting on his own front door steps, on Monday evening, was knocked down, stabbed and robbed of some $175 by a man who had entered the house by the back door and stolen upon his victim. The money belonged to the employers of the young man robbed, he having collected it that evening. The bold robber has thus far escaped detection.

ITALY.

Rome, Nov. 3.—*Evening*.—During the past few days Gen. Garibaldi concentrated his forces around his former position at Monte Rotundo. Yesterday afternoon Signori Corte Crispi and Sevardent, supporters of his cause, and a formal deputation from the Revolutionary Society, begged of him to withdraw, stating that the Italian troops had crossed the frontier. Garibaldi refused, saying "he did not value his life in such a cause, and that a soldier ought not to count the number of his enemies." Signor Corte replied: "A General should." The deputation then left the camp.

This morning Garibaldi, with about three thousand of his command, having two guns, moved for Tivoli, to join Nicatero, one of his officers. In the meantime the Papal Zouaves, who were advancing, had taken Tivoli at the point of the bayonet. Garibaldi's force did not know this, and were marching towards the same point. When they arrived at Milona they were surprised by seven battalions of the Papal army, supported by twelve guns, who attacked them in the front and both flanks. The battle ground was among the hills, with a country road running on both sides. The fighting continued fiercely for over an hour. In the hottest moment of the engagement Garibaldi had to be dragged away from the battle. His troops suffered much loss, and retreated towards Monte Rotundo, pursued by the soldiers of the Pope. Here the fight was renewed and continued for over an hour, when the Garibaldian retreat became an utter rout.

It is believed here that General Garibaldi had nine hundred men killed, one thousand prisoners taken, and a great many wounded. Menoti Garibaldi was wounded slightly in the leg. The loss of the Papal force was not so heavy. Arrived at the Italian frontier, the retreating Garibaldians gave up their arms, except weapons which were their own private property, to the Italian regular troops.

Garibaldi left this morning by a special railroad train for Florence. He made no parting address, and looked old, haggard and disappointed. The revolutionary insurrection movement is broken down all over the territory. There were no French engaged in the fight, with the exception of a few who went in as volunteers, though some of the Garibaldians, deceived by the resemblance of the uniform of the Papal soldiers to that worn in some of the French regiments of the line, say they were beaten by the French soldiers. The Italian troops, stationed on the frontier, behaved with great judgment in the emergency. Many of the wounded Garibaldians are here and some at Monte Rotundo.

Terni, November 4—*Afternoon*—Hundreds of wounded men are arriving here from the scene of the late engagements between the Garibaldians and the Papal troops. They are conveyed by special railroad trains. The Italian regulars act in a very kindly manner to all, assisting in carrying them from the station to where they are laid, weeping like women on beholding the sad spectacle. Father Gavazzi has charge of the hospital.

Liogiñole, November 4.—When Gen. Garibaldi reached here this morning, the Italian officers on duty told him he must go to Spezzia. Garibaldi drew a revolver, saying he would not resist the officers, but that he would not go willingly. The Italian soldiers then stepped forward and lifted him into the cars. His sons would not go with him.

Florence, November 5.—The English Minister and Embassy here have requested King Victor Emanuel to treat Garibaldi leniently.

It is said there will be no collision between the French and Italian troops.

Italy is quiet.

There are rumors afloat here to the effect that Garibaldi's mind is affected.

Paris, November 5.—The *La Presse*, of this evening, says: The French Charge De Affairs, at Florence, was ordered to present on Sunday to the King's Government an ultimatum that the Italian troops which had been marched into Papal territory should evacuate it before Thursday evening, November seventh.

GARIBALDI'S ARREST—ITALIAN TROOPS RECALLED FROM ROME.

Florence, Nov. 6.—The *Gazetta* announces that Garibaldi was arrested by the Italian Government, and the vote in the towns in the province, which seem in favor of a union with Italy, has been discontinued. The Italian troops have been re-called from the territory of Rome.

FRENCH TROOPS TO RETIRE—GARIBALDI'S SONS ALSO PRISONERS.

Paris, Nov. 6.—The *Courier de Francaise* announces that the French troops will retire from Rome to Avitia, pending the negotiations between Italy and France and Rome in regard to the existing difficulties.

The *Moniteur* says Garibaldi with his two sons are prisoners at Varaguana.

FURTHER OF GARIBALDI'S DEFEAT.

Florence, Nov. 6.—On Sunday Garibaldi, with 3,500 men and two cannon, left his camp, near Monte Rotundo, to advance to the attack of Tivoli, which was held by the Papal troops. He found the latter to number 6,500 men, posted in a strong position, and supported by artillery. The Pontificial troops immediately fired with their batteries upon the approaching Garibaldians. A desperate conflict ensued, which lasted forty-five minutes, when Garibaldi retreated. The battle was renewed at Monte Rotundo. The insurgents fought with great obstination and kept up the conflict at this point for two hours and a half, when, exhausted and overwhelmed, they gave way and were utterly routed. Four hundred and fifty insurgents were killed, and nine hundred taken prisoners. No idea of the number wounded can be ascertained. The total loss of the Papal troops is seven hundred killed and wounded.

GARIBALDI IN PRISON—DECLARES HE IS A CITIZEN OF THE UNITED STATES.

Florence, Nov. 6,—*Afternoon*.—Garibaldi is now in prison at Vigevano, in Piedemont. He claims he is a citizen of the United States, and demands his rights and privileges as such, under the laws of nations. The American Minister, Hon. George P. Marsh, left Florence for Vigevano to visit the General.

RETURN OF FRENCH TROOPS.

Paris, November 6—*Afternoon*.—One division of the French troops which entered Rome has already been withdrawn from the city and returned to Civita Vecchia, and the rest will soon follow. The whole expedition for the relief of Rome will then remain at Civita Vecchia, and there await the action of Italy.

The feeling on the Bourse to-day has been animated, but the cessation of war like preparations and general disarming are necessary to restore confidence.

A call for a General Conference of the European powers will soon be issued by the French Government.

GEN. CIALDINI IN COMMAND.

Florence, Nov. 6—P. M.—Gen. Cialdini is in command of the Italian forces acting as an army of observation on the Papal frontier. He has located his headquarters at Pisa.

ENGLAND.

THE BREAD RIOTS AT EXETER—SIMILAR RIOTS AT AXMINSTER—MILITIA CALLED OUT.

Exeter, November 4.—*Midnight*.—The bread riot, which commenced here, has extended to Axminster, situated twenty miles east of Exeter, where the premises of the corn dealers have been burned. Axminster contains the well-known carpet factories, with buildings for the manufacture of woolen cloths, and has a very determined population of working men. The local militia have been called out and placed under arms in Exeter, and reinforcements of the regular troops have arrived in the city from the Naval Station at Plymouth. Several arrests have been made. Special constables have been sworn in both at Exeter and Axminster. The Mayor of Exeter had made a speech to the people, but the mob is still in force, and great excitement prevails in the streets even at this hour.

Loss of Life Great and Destruction of Property Immense.

Town of St. Thomas in Ruins.

[By Telegraph to the Pittsburgh Gazette.]

Havana, November 5.—An official dispatch from the Superintendent of the Royal Mail Steamship Company at St. Thomas, to the British Consul in this city, says all the property of the Company was destroyed by a terrible tornado on the 29th of October. The steamer Rhone was lost on Peter Island, and the Wye on Buck Island. The Conway went ashore on Tortala Island, and the Derwent at St. Thomas. The Solent and Tyne were dismasted. The town of St. Thomas is in complete ruins. Fifty vessels are ashore. The loss of life was very great, and the destruction of property immense. All the officers and engineers on the Rhone and all others on board were lost. From the Wye forty persons were saved, including Captain Taylor and Mr. Hodgeson. Of the passengers on board the regular steamer for Southampton, which had sailed with one hundred and fifty passengers, only twelve were saved. A French steamer was also damaged, and the list of other vessels that received injuries is very large.

SECOND EDITION.

THREE O'CLOCK A. M.

THE STATE ELECTIONS.

NEW YORK.

The Press on the Result—Democratic Majority in the State 40,000—The Contest for Sheriff—Riot in Fifth Ward, Brooklyn.

[By Telegraph to the Pittsburgh Gazette.]

New York, Nov. 6, 1867.

The *Tribune* says: "With three-fourths of the Republican journals published in our city either neutral in the contest or virtually telling their readers it would be better for the Republican cause to have the Republican ticket beaten this fall, we could hardly expect to hold our own in State or city; but the defection in both is far greater than could with reason have been anticipated. To let the election go by default, it was held and argued by the trimmers and camp followers would crush out what they are pleased to stigmatize as Radicalism, and render inevitable the nomination of General Grant for President. Such considerations and calculations have kept fifty thousand voters from the polls, and insured the overwhelming defeat of our State ticket."

The *Times* says: "The vote of the State of New York yesterday went Democratic by an aggregate majority ranging from present figures and estimates from eighteen to twenty-three thousand."

The *Herald* says: "New York, with her large financial interest, declares against the party of debt and taxation, and rebukes the attempt to place the Southern States of the Union under the heel of the African barbarian."

The *World* says: "By yesterday's work the Empire State placed herself at the head of the noble army of Commonwealths whose mission has been here and now to stay the hands of the architects of ruin, and whose mission will be in the year and the contests that are to come to redeem and restore the Union, and establish peace and representation and self government throughout all its borders."

The *Post* thinks the "manifestation of the people will be a mere passing chastisement, intended to rebuke their faults and bring them back to moderation, common sense and policy."

The *Commercial Advertiser* accuses the managers of the Republican party of improvidently and thriftlessly scattering what cost so much care and toil to save; but with this defeat, our winter of discontent, and under better auspices, the approaching canvass will be made glorious summer. Shaking itself free from incumbrances, the Republican party, re-organized, reformed and purified, will assert its devotion to the Union, unfurl the Grant banner and fight out the Presidential campaign on this line.

New York, November 6.—The returns complete and estimated from thirty-eight counties give a Democratic gain over last last, year, when the Republicans carried the State by 12,789 votes. The Democratic majority in the State will doubtless exceed 40,000.

The vote for Sheriff in this city is quite close. O'Brien, Tammany candidate, is elected by eight hundred and eighty votes over Connelly, Mozart nominee.

Quite a riot occurred in the Fifth ward, Brooklyn, last night. A gang of rowdies attempted to tear down the sheds at the corner of Johnson and Gold streets. An officer who arrested one was stoned by the crowd, but was not injured. The use of his revolver had no effect on the mob. One of the rioters was subsequently arrested.

The *Tribune* concedes the State to the Democrats by not less than forty thousand.

Albany, November 6.—The *Argus* claims over 40,000 majority for the Democratic State ticket, a majority of the Assembly and at least fifteen of the thirty-two Senators.

MASSACHUSETTS.

[By Telegraph to the Pittsburgh Gazette.]

Boston, Massachusetts, November 6.—The vote of two hundred and forty-nine towns give Bullock 83,626, Adams 62,556. Of the State Senators elected so far as heard from twenty-eight are licensemen and only six for prohibition. Out of one hundred and ninety-five Representatives one hundred and fifty-five are for license. John Quincy Adams was elected Representative from Quincy.

MARYLAND.

Complete Democratic Success.

[By Telegraph to the Pittsburgh Gazette.]

Baltimore, Nov. 6.—Returns come in slowly. The indications are that every official position in the State will be filled by Democrats. In Washington county the entire Democratic ticket is elected. It is also believed that the entire Democratic ticket is elected in Frederick county. Kent county gives twelve hundred and eighty-two Democratic majority, and Wycomco (a new county,) gives one thousand Democratic majority.

WISCONSIN.

[By Telegraph to the Pittsburgh Gazette.]

Milwaukee, November 6.—The net Democratic gain in the State, as far as heard from, is two thousand and four. The Republicans claim that Fairchild is elected by about four thousand. The Democrats concede about three thousand. The Democrats gain six or eight members of the Assembly, and three or four Senators.

MINNESOTA.

[By Telegraph to the Pittsburgh Gazette.]

St. Paul, Nov. 6.—Scattering returns indicate that Marshall, Republican, is elected Governor by about 4,000 majority. Negro suffrage is probably defeated, though not yet hopeless. The entire Democratic ticket is elected in this county by from seven to eight hundred majority.

PHILADELPHIA.

National Presbyterian Union Convention in Session.

Smith, Hatfield, Breckenridge, Boatty, Duffield and many other distinguished divines are present. The Church in which the Convention meets is crowded at evening Session, and great public interest shown in its deliberations.

NEW ORLEANS.

Yellow Fever no Longer Epidemic—Total Deaths, 3,000.

[By Telegraph to the Pittsburgh Gazette.]

New Orleans, Nov. 6.—The Board of Health last night declared yellow fever no longer epidemic, and that the city is now free from all epidemic disease; that citizens and strangers can return at once without apprehension. The weather has been very cold for several days, with northerly winds. The total number of deaths from the epidemic to yesterday morning was three hundred. The Board of Health pays a high and deserved compliment to the Howard Association, saying their success has been wonderful. There were six interments from yellow fever yesterday. The Theatre season has commenced.

ALABAMA.

Proceedings of the Reconstruction Convention.

[By Telegraph to the Pittsburgh Gazette.]

Montgomery, Nov. 6.—The Reconstruction Convention to-day passed a resolution authorizing the raising of proper standing committees, and to memorialize Congress to remove the political disabilities of all who materially aided reconstruction. An ordinance was introduced and referred to restore all the property sold by executors and administrators during the war, for Confederate currency, to the legal heirs of the estates, without suit in court. The State Constitution will probably be modled after the Vermont Constitution.

They declare they will not lay down their arms until the Island is annexed to Greece. Advices from Athens announce the nomination of Mr. Paxaminta as President of the Assembly, with a strong ministerial majority, which is considered as indicative of the stability of the administration.

GRANT ADVOCATED.

Forney's *Press* and *Chronicle* of to-morrow will each contain a long editorial in advocacy of General Grant for President. It is therein said that Gen. Grant is in hearty accord with the Republican party, and in proof of the truth of this assertion the editor quotes from the speech of Hon. Elihu B. Washburne, of Elizabeth, Illinois, on the 5th of October, which Colonel Forney says may be accepted as a like authority with the declarations of General Rawlings, now chief of staff of the army of the United States, made at Galena on the 21st of June last. As to General Rawlings' speech, the editor says, in italics, it was carefully prepared in Washington, after a full understanding with General Grant, and was spoken that the country might know exactly the position occupied by General Grant himself.

CITY AND SUBURBAN.

Sale of the Pittsburgh and Steubenville Railroad—Penna. Central the Purchaser for $1,960,000

Wednesday at twelve o'clock, M., at the Court House, in this city, was exposed to public sale the Pittsburgh and Steubenville (or Pan Handle) Railroad, from the south side of the Monongahela river, opposite this city, to the easterly side of the Ohio river opposite Steubenville, with all the property franchises, &c.; also all the cars, engines, and other things tending to the management of the road. The sale was in pursuance of a decree of the Supreme Court, under a mortgage, dated August 1st, 1856, (declared to be a first lien,) given to Thomas McElrath, of New York, in trust, for the benefit of the holders of bonds of the Pittsburgh and Steubenville Railroad Company, bearing even date with the mortgage, to the amount of one million of dollars, and for securing the same with the principal moneys and interest thereafter to accrue thereon.

Shortly before twelve o'clock a crowd began collecting in the rotunda of the Court House, and among others we noticed Hon. Thomas C. Jewett, President of the Western Transportation Company (lessees of the Pittsburgh and Steubenville Railroad), J. Edgar Thompson, President of the Pennsylvania Central Railroad, George W. Cass, President of the Pittsburgh, Fort Wayne and Chicago Railroad, William Phillips, President of the Allegheny Valley Railroad, Colonel M'Cook, of Steubenville, George B. Roberts, of Philadelphia, Theodore Cuyler, of Philadelphia, Solicitor of the Pittsburgh and Steubenville Railroad, Wm. J. Howard and Jno. H. Hampton, Solicitors of the Pennsylvania Central, W. C. Moreland, Solicitor of the Western Transportation Company, and W. R. Ellis, of New York.

After the hour of twelve was sounded by the tower bell, Capt. Harry B. Smithson, of the auction firm of Smithson, Palmer & Co., was about to begin the sale, when, for comfort's sake, the atmosphere being very chilly, the District Court room was thrown open, and thither the crowd proceeded. Capt. Smithson took the bench and formally announced that the sale was about to proceed. Theodore Cuyler, Esq., by request, read the advertisement of the trustee, Mr. McElrath, who was present. After the reading Mr. Cuyler announced that the sale was subject to a certain contract, entered into in 1855, with the Chartiers Valley Railroad Company.

J. H. Hampton, Esq., at the request of the President of the Western Transportation Company, read a paper giving notice of a claim of $1,400,000, for rights of way, material, labor, &c., and money advanced in the completion of the Pittsburgh and Steubenville Railroad.

A gentleman whose name we did not learn, also gave notice of a claim of Frederick Marshall, of Noblestown, for $8,000 for grading.

Captain Smithson stated that bidders might take notice of the claims presented, if they chose, but they would not be recognized in the sale, which would be in accordance with the mortgage and decree of the Court.

By this time the Court room was pretty well filled. The bidding commenced at a quarter past twelve, and the first sum named was twenty thousand dollars. In the course of fifteen minutes the figures had increased to five hundred thousand; in five minutes more to one million; at forty minutes past twelve to one million five hundred thousand; 12:50, one million seven hundred thousand; 12:55, one million nine hundred thousand. The bids then ran ten, twenty, thirty, thirty-five, forty—one—two—three and last call—forty-five, fifty, fifty-five, sixty—one—two—three and last call—gone (said Capt. Smithson) for *one million nine hundred and sixty thousand dollars*, bid by W. J. Howard, Esq., Solicitor of the Pennsylvania Railroad.

The next highest bidder was W. R. Ellis, who represented himself and other capitalists of New York city.

After the formality of signing the bids, Mr. Howard, in compliance with the terms of the sale, produced the sum of twenty-five thousand dollars, gave it to the mortgage trustee, Mr. McElrath, and took a receipt therefor, thus completing the business of the occasion. The result was as had been generally anticipated.

Labor Reform Convention—Nominations Postponed—Eleven Districts Represented.

The Delegates elected to the Labor Reform Convention, for the purpose of placing in nomination candidates for the various Municipal Offices, met pursuant to call at the rooms of the Firemens' Association, City Building, Wednesday evening, Nov. 6th. The meeting was organized by calling George Baber to the Chair, and appointing H. B. Hagey, Secretary.

Mr. Baber took the Chair, and after thanking the Convention for the honor conferred upon him, stated that the Convention was ready for business.

Mr. S. W. Clay offered the following resolution which was adopted:

Whereas, The delegates here assembled in this Convention deem it inexpedient to make nominations at present for the offices to be filled at the ensuing election, therefore

Resolved, That this Convention stand adjourned from this date to the evening of the 27th of November, 1867.

After the adjournment the Chairman stated that he had by some means neglected to have the list of delegates read, and in order that they might know what districts were represented requested the Secretary to call the names of the delegates.

The Secretary then called the names of the delegates, when seventeen responded, representing eleven districts, viz: The First, Second, Third, Fourth, Seventh, Eighth and Ninth wards of the city; First and Second wards, Lawrenceville, Oakland and Pitt townships.

On motion, the districts not represented were requested to send delegates to the Convention on the 27th inst.

The meeting then adjourned.

The Destroying Angel.

We have a distinct recollection of reading an account of the doings of the destroying angel in Revelations, how the vials of wrath were emptied upon the heads of the offending millions, etc., but never dreamed of meeting him or any of his assistants on this terrestrial globe, or even hearing of his presence hereabouts. He is here, or at least an individual professing to be an "Angel," made his appearance on Penn street, yesterday, where he exercised his disposition to destroy and leave desolate whatsoever should come within his reach. He was armed, not with a two edged sword, but an old, dull hatchet, with which he broke windows, hacked door posts, and even attacked the sign of Dr. Charles William Betzel, at the building formerly occupied by the Catholic High School, which he defaced into utter destruction. The Doctor did not appreciate his labors, and straightway went to the office of Alderman Taylor and made an information against Mr. Angel, charging him with malicious mischief. A warrant was issued for his arrest and placed in the hands of officer Bell, who, if Angel has not taken his departure from this portion of the land, will certainly arrest him and take him before the Alderman, where all who have a desire to see him can do so, free of charge, by calling at the office.

False Pretense.

We have, on several occasions, spoken of the practice of using the criminal law for the purpose of collecting debts, and in collecting police news have found numbers of false pretense cases which appeared to have but little, if any foundation; but never before have we heard of a more palpable attempt to subvert the criminal law for that purpose than the following:

Charles Konmer, a resident of Indiana township, attended a public sale in that district, where he bought at auction hogs amounting to $53, for which he gave his note to Antone Mankie, of whom the hogs were purchased, payable in ninety days. The note matured a few days since, but Konmer was not prepared to lift it and asked for an extension, which was refused, and yesterday the holder of the note, Mr. Mankie, made information before Alderman Mullin, of Allegheny, against Konmer, charging him with false pretense. The defendant was arrested and held for a hearing. The use of the criminal law for the purpose of enforcing the payment of debts is intolerable, and something should be done to stop it.

Two attempts have been made to burn the old Academy building in Franklin, but both were unsuccessful. It is supposed that the fire was kindled by some old cop who blames school houses and academies for converting Venango into a Republican county.

The Erie *Gazette* suggests that the church pews in that city be placed upon pivots, so that the occupants may not be obliged to strain their necks every time somebody comes into the church.

The Nicolson Pavement.

The work of laying the Nicolson patent pavement on Wood street has not yet been commenced; but from the progress of the preliminary arrangements, we presume it will be in a few days, after which, we are informed, it is the intention to complete one hundred and fifty lineal feet per day. The street from Water to First is graded and graveled, ready for the plank, which is being tarred preparatory to being laid down. For this purpose an iron trough, about twenty feet in length, two feet wide, and eighteen inches deep, is placed across Wood street at First, under which is a furnace. This cauldron, or trough, is partially filled with coal tar, which is heated to a high temperature by the fire in the furnace beneath, and in this each board is dipped and allowed to remain about a minute, when it is removed by two men, one at either end, with tongs made for the purpose, and after the hot tar has dropped from it it is piled, ready for use. The method of putting down the pavement after the material has been prepared is familiar to most of our readers, as it has been frequently stated.

The city generally, and the Wood street merchants in particular, have suffered great inconvenience during the past reason, on account of the delay in paving the street paved, and its completion will meet with a hearty welcome from all concerned.

Delightful.

We have just had the pleasure of hearing and seeing at Mellor's Music Rooms another of those charming Decker Pianos, which to our eyes and ears is a marvel of exquisite workmanship and refined musical tone. The furniture is of the handsomest rosewood, embellished with rich mouldings, and the legs carved in imitation of fruits and flowers. The tone is pure and clear as a rich human voice, and rings out its melody in the richest profusion under the hands of the player. We always thought the Deckers were fine pianos, but we did not expect to hear such an instrument as this when Mr. Mellor invited us to his rooms. We are informed that this piano has been already sold, and goes to grace the parlor of one of our most estimable citizens, where it will discourse sweet melody to admiring friends, and sound forth the praises of the Decker Bros. as artists in their line of business.

Destructive Fire—McCune's Oil Works Burned—Several Thousand Barrels of Oil Destroyed.

A very destructive fire occurred last night in Collins township, on the Sharpsburg road, by which the extensive Oil Works of McCune & Co. were totally destroyed. The fire broke out between nine and ten o'clock, in the main building, which was a large frame, covering an aera of several hundred feet, and in a few moments the whole structure was enveloped in flames. About twenty minutes after the fire was discovered a terrible explosion occurred in the building—most probably the still—which blew it to atoms. Shortly after the explosion the flames were communicated to the immense tank, in which there were several hundred barrels of crude oil. In a few moments after the flames reached it the tank exploded with a most terrible report, which shook the earth for a mile around the scene of conflagration, and threw a volume of flame to the almost incredible height of three hundred feet. When the tank bursted the oil flowed toward the river, and the earth from the river to the works, a distance one hundred yards, was a glaring sheet of flame. The works which were destroyed were situated in close proximity to, and between the Standard and National Works, both of which were in imminent danger of falling a prey to the devouring element, which was still raging at an early hour this morning. A stone house attached to the works, containing a large quantity of oil, was destroyed. It was impossible to form any estimate of the loss. The scene, at the time the tank exploded was one of terrific grandeur. An area of over an acre of ground was one vast sheet of flame, and a large quantity of oil, which was thrown up in a body to an immense height by the explosion, appeared to burst like a rocket, and the forked tongues of flame shot forth in every direction, lighting up the heavens like the most vivid flashes of lightning. Never before, perhaps, was such a terrific and grand spectacle witnessed in this vicinity, and it is to be hoped that such another may never again occur. There were hundreds of people present, but no effort was made to check the flames, as it was deemed utterly useless to attempt it, owing to the inflammable nature of the material on fire. No power on earth could have quenched the fire, until the oil was all consumed. We heard of no person being injured, and of no further incidents than those above stated.

A Brutal Assault.

Mary Butterfield, a young lady about twenty-two years of age, residing with her parents at Sharpsburg, yesterday made information before Alderman McMasters against her brother, George Butterfield, charging him with assault and battery. George is a youth of eighteen years, and it appears that his sister had by some means taken possession of an article claimed by him, which she gave to her father. Sunday, while the parents were at church, the brother went to his sister's room and demanded the missing article, which she refused to give him, telling him that she had given it to her father, whereupon he assaulted her, beating and abusing her in a shameful manner, even pulling a large quantity of hair out of her head, leaving the top of the head almost bald. A warrant was issued for his arrest.

Re-Union.

The annual ball of the Eagle Fire Company is announced for Friday evening next, at City Hall. The re-unions of this Company are always first class affairs, and it is their intention, we understand, to make this *the* ball of the season. The names of the gentlemen announced as the Committee of Arrangements, are a sufficient guarantee that nothing will be left undone to make the occasion a pleasant one. The Great Western Band, under the leadership of Prof. Hartel, will furnish the music, and for those who practice the Terpsichorean art, a rare opportunity will be offered. A first premium Weed sewing machine will be drawn for by the ladies in attendance.

Taken to the Penitentiary.—Sheriff Cluley yesterday took to the Penitentiary the following persons, convicted at the recent term of Court: John Boswell, convicted of larceny; sentence, two years. Wm. Miniger, assault and battery; Chas. Douglass, larceny; and Fanny Gray, burglary; sentence, one year each. Thos. Brees, convicted of assault with attempt to commit rape; sentence, three years.

Released on Bail.—Lawrence Purcell, charged with the murder of James Monaghan, and who was admitted to bail by the Court, in the sum of $10,000, yesterday procured the required bail and was released. Mr. Purcell, at his own request, remained in the lock-up instead of going to jail, until the bail was procured.

Assault and Battery.—J. W. Hoover yesterday made information before Alderman Mullin against J. B. McGee, charging him with assault and battery. He alleges that McGee struck him in the eye with his fist and knocked him down. A warrant was issued for his arrest.

Arrested on a Process.—Moses Nelson was yesterday arrested on a process issued out of the Court of Quarter Sessions, and committed to jail in default of payment of certain costs due the county by him.

Firemen's Association.—The Pittsburgh Firemen's Association will hold a regular monthly meeting in the Hall of the Association, City Building, on Monday, November 11th, at half-past seven o,clock.

Postponement.—On account of the unavoidable absence of some of the singers of the May Queen, the concert will be postponed from Tuesday the 12th to Thursday the 14th.

Farewell Benefit.—Mr. and Mrs. Barney Williams announce a joint farewell benefit to-morrow night at the Opera House. Read the bill; it will be found on our second page.

Butter, to the amount of some thirty pounds, was confiscated by the Market Constable, yesterday morning, for short weight. It was transferred to the Poor Farm authorities.

The Pittsburgh Gazette

THURSDAY, NOVEMBER 7, 1867.

THE PRESIDENT construes the result of the New York election as affording him full warrant to set up his sole authority against the will of Congress in the matter of reconstruction. Special telegrams from Washington to various democratic journals concur in representing him as resolved to precipitate a crisis unless Congress shall conform to his ideas.

Congress will convene the last week of the present month, when will be disclosed what effect the elections have produced upon the representatives of the States and the people.

GARIBALDI evidently hoped by his recent enterprise to ensure an eventful life with transcendant glory, and to stand evermore in history as the consummator of Italian unity. His failure, so complete and unexpected, seems to have crushed his spirits.

Italy rests under the misfortune of being now ruled by men who are without genius and courage. When by boldness and tact they might have won all, the opportunity was so vast and brilliant that it paralyzed what capacities they possessed, and so left to France an easy victory.

THE MAYORALTY.

Some months ago suggestions were made in some of the city newspapers of names of individuals to fill the office of Mayor for the next term. We deprecated those suggestions on the ground that the important question of Consolidation was pending; that if the measure should be carried, in whole or in part, the duties and responsibilities of the office would be materially altered; and that it would be decorous towards the inhabitants of the districts which might be united to the city to leave the selection of the Republican candidate open and unbiassed.

The result of the vote on Consolidation is not only known, but time has been afforded to all the population now included within the city limits to consider the matter as it actually stands. The city, though not what we hoped it would be, is not what it was. Large and populous districts have become united with it. But this is not all. The perogatives of the Mayor have been enlarged to the full degree they would have attained had the whole of the proposed Consolidation been perfected. Among other important powers the Mayor has now that of a veto upon all measures passed by the Councils.

It is time the Republican voters revolved seriously in their minds what they will do in the premises. The names so far mentioned from which to make choice are the present incumbent, W. C. McCarthy, William J. Herron, John W. Riddell and Charles Jeremy. It is possible other names have been suggested which have escaped our recollection. We do not know that either of these gentlemen considers himself as a candidate.

It is not our purpose at this time to express a preference for either of the gentlemen named. Our purpose is rather to impress upon Republicans the conviction that if they mean to win success at the coming municipal election they must deserve it, alike by the character and abilities of their nominee for Mayor, as by the unanimity and enthusiasm with which they shall conduct the canvass, after selecting their leader. Peculiar obstacles are across their path; and if they mean to start well in engineering the affairs of the consolidated city they must nominate wisely, and then push the campaign with vigor.

THE RIGHT OF VOTING.

When the right of suffrage was extended to the black male citizens of the States lately in revolt against the government, the New York *World* accepted the measure as comporting entirely with the genuine spirit of Democracy, and urged its co-partizans to "court the blacks" as one of the means for securing a portion of their votes. The seed of its inculcations fell on stony ground, and brought forth no fruit. The blacks preferred to vote with the men whose friendship for them had been demonstrated, rather than with men who had steadily resisted their just demands for the recognition of most essential rights. In this the blacks evinced a larger amount of ordinary human nature than they had been credited with possessing. The *World* became disgusted, not so much with its friends for refusing its salutary counsels, as with the negroes for not consorting with those who continually poured out upon them immeasurable contumelies. In its disgust it wrathfully exclaims that "the mob of Paris, in the craziest days of the revolution, was not a more unfit depository of political power than are the Southern negroes. A crop of BROWNLOWS and HUNNICUTTS is no better than a crop of ROBESPIERRES; with ROBESPIERRE'S power they would rival his atrocities."

The nearest approach at the South to what, according to the popular conception, would be a crop of Robespierres, was not realized through the agency of negro suffrage, but with the right to vote left rigidly to the whites. Libby and Andersonville were the instruments with which those monsters executed vengeance upon their opponents.

The primary idea of a democracy implies a government in which all the people participate. The *World*, and other journals of its class, said much on this subject, and with admitted pungency, when the attempt was made, a few years ago, to restrict the exercise of political power to native born inhabitants. Latterly, they have insisted that the right of suffrage was so absolutely sacred and inalienable that it was a great wrong to divest men of it even for the highest crime known to the laws. So long as the blacks of the South were slaves it comported with their legal status that they should not vote. The condition of chattelhood and the right of voting are palpably irreconcilable. When, through the operation of the laws, the blacks ceased to be slaves in the Southern States, the right of voting followed as a necessary consequence. The case in those States differs practically widely from it is here. In the northern States there are comparatively few colored people; and their deprivation of suffrage, while as clearly violative of elementary principles as though they lived elsewhere, is not productive of the same specific or general results. In many of the Southern States the blacks are a majority of the people. To deprive them of the right of voting is to put the many at the mercy of the few. This is to subvert democracy, and constitute an oligarchy.

It must be confessed that many of the blacks are exceedingly ignorant, and hence scantily fitted to exercize aright the privileges of citizenship. If civil rights depended on a given degree of education, or if ignorance or stolidity were peculiar to the blacks, the objection to negro suffrage would have a force it has not now. Tens of thousands of white voters, scattered up and down the country, are as ignorant and debased as any of the black. If deficiency of knowledge ought to disfranchise the blacks, it ought also to disfranchise the whites. It so happens that the men who most pertinaciously insist on white ignoramuses retaining the right to vote, are most loud in denouncing the idea of allowing black dolts to approach the ballot-box.

The last year of the war, riding from Washington to Philadelphia, we chanced to occupy a seat in a railway coach with a Frenchman who was engaged in commerce at New York. Presently he inquired if we approved of negro regiments. We replied in the affirmative, when he advanced a point farther, and asked if we would make voters of the blacks. We evaded a direct answer, when he said he would. Turning questioner, we asked him, Why? Said he, "the great body of ignorant whites in this country vote with the Democrats and always will; the negroes, however ignorant they may be, *will vote with white folks*, which will result in offsetting one mass of ignorance by another of the same sort, thus leaving the actual settlement of affairs to rest between men of intelligence." While not prepared to accept this exegesis, it embodies an idea worth reflecting on.

The Washington *Chronicle* reports an intelligent gentleman residing in Vicksburg, as saying—that

"Ten Daniel Websters and as many Henry Clays could not make the South submit to the laws of the land or be true to the Government since Andrew Johnson joined the rebels, if it were not for the colored people, and that these people not only till the soil and feed their late masters, *but save the North and West from the curse of repudiation*. With this important element all will go right, and those who are not convinced will yield."

There is certainly reason to conclude that the recognition of the complete citizenship of the blacks in the States lately in revolt, is necessary to the maintenance of most important rights and interests throughout the whole country. In the progress of events now not far off this will appear in a stronger light to the popular mind than it does now. There is a swing and oscillation to all movements on a grand scale; but revolutions never go backward. The blind of vision and the weak in resolution often mistake unsteady motions for a total change of current, and suffer themselves to be borne away; but the keen in vision, and strong in heart and limb stand firm, confident that great movements, whatever barriers may interpose, make channels for themselves to run in.

THE DEFEAT OF JUDGE WILLIAMS.

EDITORS GAZETTE: The election of Mr. Williams *was defeated* by the Pittsburgh *Commercial*. This is a broad allegation, but as terribly incontrovertible as it is *inexorably* true, which, now as the din and smoke of the late political battle and the "tumult of the people" have subsided, your correspondent undertakes to verify, in the conclusion of every fair-minded and unprejudiced man who will examine cause and effect. Every reader of that journal has been for the last six months well posted as to its acerbity and unrelaxing hostility to the Pennsylvania Railroad Company; its abuse of that corporation was the daily theme in the columns of the hybrid journal to which reference is made, charging, as was its daily practice, the basest corruption and turpitude to the Directors by intercepting Railroad legislation important to the interests of Pittsburgh and Western Pennsylvania; thereby enlisting and inviting the active hostility of every member of the Board of Directors against Mr. Williams, whose election the "*Commercial*" assumed to be the great advocate and Mr. Williams its special *protege*." Can there, therefore, be a man of common sense, who has the hardihood to aver that the vulgar abuse lavished upon the Directors was not well calculated to secure their personal efforts and opposition to the eminent candidate of our party and rejoice in the defeat of the gentleman claimed as the *protege* of that newspaper?

The hostility of many of these Directors, we are safe in asserting, was influenced by the bitter denunciation of the *Commercial* against the Board and its policy, gentlemen of the highest position for integrity and fair dealing, in themselves alone of ample influence to secure for the opposition the meagre majority of the Democratic candidate. But, Mr. Editor, this is by no means the only active and efficient hostility invited over to the opposition of Mr. Williams. The charges of bribery and corruption against the members of the Legislature were as bitter and unrelenting as those fulminated against the Directors of the Pennsylvania Railroad Company. These sweeping charges embraced the whole legislative body, and think you not, on returning to their constituents, they would not carry with them the deepest prejudices against the eminent candidate of Pittsburgh, thus abused and vilified by one of the organs of the Republican party. Why, it is human. Even unintelligent nature, the worm trodden under foot, recoils on its oppressor. Could it then be even hoped that these members of the Legislature would look with any sort of favor, and would not these fifty or one hundred members, by their indifference, not to say hostility to our candidate, be more than adequate to his defeat under the circumstances of the small number of votes which would have carried the election.

Has not your correspondent, then, clearly indicated the main causes of Mr. Williams' defeat, by the unwise and impolitic journal, the subject of these remarks. RATAZZI.

Out of the number who assisted him in the erection of this bridge, but two are now living—Isaac Griswold, Esq., aged about ninety years, and Col. George Osborn, aged near eighty. They were from the State of Connecticut, and have resided in the county over sixty years.

—The Canton *Repository* says: "We learn that the attorneys of Mr. Haines, the Democratic candidates for State Senator in this district, have served a notice contest upon Gen. Potts, Senator elect. The ground upon which the contest is to be based, as we are informed, is the alleged fact that the judges of election at certain polls where a majority of Republican votes were cast, vacated the polls, during the dinner hour, taking the ballot box with them."

—Several men entered the room of Mr. Israel, at Coolgrove near Ironton the other night, and two of them, each armed with a club and a revolver which they exhibited, telling him they were detectives in search of counterfeit money, and demanded to be shown his funds. He gave them what he had about him, and after examing, pronounced it good and returned it. Meantime others of the party ransacked the house, collected several valuable articles, and the whole force then left.

—The Dayton *Journal* says: "The other night Mr. Mayers, of the Oregon Mills, carried a lighted candle to the pase of the elevator, in the second story, to regulate the supply, the institution having got 'choked.' The elevators were coated with a litter of flour as light as gossamer, and a portion of *debris* becoming detached and showering down on the candle, it flashed like powder touched by a live coal, and the blaze ran up to the elevator to the ceiling in an instant! The flame wavered between the ceiling and the floor for several moments, and it seemed as if the whole room would be enveloped in flames. Mayers pulled off his coat to beat out the flames, is possible, but at this instant the flames suddenly went out. Strange as it may appear, neither the elevator nor the ceiling were scorched."

—The fish trade of Sandusky employs a large number of men and much capital. The present season has been the most successful known. Some idea of its extent is afforded by an article in the Sandusky *Register*, from which the following facts are taken: In one day Mallory & Co., whose ponds are located near Marblehead, delivered to O'Hagan & Co., nine tons of fish, the catch of a single day. About that time another dealer gave one of his fishermen credit for the estimated weight of a large haul of herring, and directed him to take them back and throw them overboard; he was unable to take care of them. A car load for places east of Buffalo has frequently been dispatched in a single day by our fishermen, and several times this season cars have been loaded especially for the Fulton market in New York city. The greater part of the fish thus far this season, has been caught at Cedar Point and Marble Head. From Huron light to Cedar Point light, sixty-two pounds have been put down, that cost not less than $75,000. Between Marble Head and Ottowa are about forty-five or fifty pounds; about Kelley's Island, eleven pounds; Middle Bass Island, four pounds; Sugar Island, four pounds; North Bass Island, five to ten pounds, or about one hundred and thirty-six pounds that deliver their fish to Sandusky dealers. Not less than twenty per cent. more twine is believed to be now in the water in this vicinity, than has ever been put out in a previous season. The fish commence running along the shore earlier than about the Islands, and this season, it is said, some days earlier than usual. The principal catch from the islands generally comes in about the first week in November. After the pound fishing is about over the gill net fishing commences. Already thirteen fine boats and about seventy-five men, with more than one thousand gill nets, have arrived from Barcelona, Westfield and Dunkirk, New York, and are preparing for gill net fishing, which soon commences. These fishermen reap their harvest about the reefs.

—The Lacon *Home Journal* has the following: A German named Conrad Heid, returning from town whither he had been with a load of apples, was stopped near the brick yard by three men with a demand to "stand and deliver." Dutchman-like he had an aversion to giving up his greenbacks without a fight, and when one of the fellows poked an ugly looking pistol in his face, he made for a heavy shovel, and told them to "come on, Mickle Duffie." The fellow who had hold of the horses, letting them go to assist his companions, they started quickly, leaving the would-be robbers behind.

Shall Nature be Sustained!
To give debilitating medicines to the weak is about as sensible as it would be to try to help a man to his feet by kicking him when he was down.
That sort of practice is going out of fashion. It has filled so many graveyards that people no longer believe it.
If those who are not strong by nature expect to avoid the attacks of disease, they must endeavor to acquire the vigor necessary to resist it.
How is this to be done? Common sense suggests by the use of invigorating medicine.
The great object is to strengthen the system without exciting it.
This object is accomplished by the judicious use of the most potent and genial of all vegetable tonics and alteratives, HOSTETTER'S STOMACH BITTERS.
Many valuable properties are combined in this preparation. It improves the appetite and renders digestion easy and perfect.
It gives steadiness to the nerves, induces a healthy, natural flow of bile, prevents constipation without unduly purging the bowels; gently stimulates the circulation, and by promoting a vigorous condition of the physical system, promotes also, that cheerfulness which is the truest indication of a well-balanced condition of all the animal powers.
Summer leaves both the body and the mind more or less exhausted. Now is the time to recruit them, and thus forestall the malarious fevers and other complaints which prostrate so many thousands every fall.

Attend to Coughs and Colds.
There is a significance in the above advice which, if attended to in time, would save hundreds of persons from untimely graves. Do we not know that many persons neglect to attend to coughs and such like maladies under the hope that nature will cure? Nature sometimes does cure; but she will cure much more rapidly if assisted by some such remedy as DR. KEYSER'S PECTORAL SYRUP, which is compounded for the very diseases of the lungs and bronchial apparatus, so prevalent in every part of the United States. We advise our readers, therefore, who may be afflicted with coughs, bronchial irritation or any disease of the lungs or windpipe, to have recourse at once to this remedy, which Dr. Keyser has prepared with great care for the cure of those cases. Timely attention will save much suffering, and oftentimes the life of the person using it.

DOTY'S CLOTHES WASHER.
WHAT THE PRESS SAY OF IT.
The rich might do without these machines, but the poor, who must value time, labor, and the saving of clothes, have to look on them as household necessities.—*Working Farmer.*
It is worth one dollar a week in any family.—*N. Y. Tribune.*
Growing in favor, the more it is used. We like it.—*Prairie Farmer, Chicago.*
It saves its cost in the goods that can be said of it.—*Rural New Yorker.*
It really saves all it claims.—*Wisconsin Chief.*
Easily worked and does its work well.—*Ohio Farmer.*
After a fair trial we give it the preference over all others.—*Iowa Homestead.*
After trial, a good economical housewife will not be without it. It is the very best machine for washing clothes we ever saw.—*New Haven Journal and Courier.*
It is a greater recreation to the family than the horse.—*Rev. W. F. Mahon.*
I do not hesitate giving it the preference.—*Wm. A. Fitch, Ass't. Ed. Amer. Agriculturist.*

GLEANINGS.

REV. ROBT. COLLIER, of Chicago, in his last Sunday's sermon, enthusiastically advocated the opera, and said that music is the handmaid of the church and the school house. He says "let it go out from the pulpit to-day that the opera is demoralizing, and the place would be filled with young people, all anxious to see a place and hear a performance that had called forth such powerful denunciations." He then called Brignoli "a light in nature" and La Grange "a light of grace and truth," while Miss Phillips is an example of purity and honor, and all three are "God's singing birds in the arbor of refinement and culture. His sermon was a long one, but the above are some of the striking points.

The difficulty commenced between two white men—between whom war had been raging for years—a fight ensued, which soon became general, and resulted in the death of a white man and several negroes, besides several persons being severely injured.

The Chicago *Times* has at length captured an epithet which delights it. On every occasion now it brings in the term Jacobin and applies it to the members of the Republican party. The economists of Louisville save coal by burning tan bark. The *Courier* says it is excellent fuel for generating steam. In some sections of our State all the refuse tan bark of tan yards is applied with success to such purposes.

CHICAGO has had one of the severest storms on its records, recently. Last Sunday the services were necessarily suspended, as the roarings of the storm drowned the organ and overwhelmed the voices in the various churches.

In Ohio there is a white family in the penitentiary for burglary. The family is composed of a father and three sons. Thieving seems to be the failing of the family.

Thanksgiving Proclamation.

COMMONWEALTH OF PENNSYLVANIA.

BY JOHN W. GEARY, GOVERNOR.

From the creation of the world, in all ages and climes, it has been customary to set apart certain days for special religious observance. This has not always been influenced by the light of Christian knowledge, nor by any proper conception of the character of that Great Being "who ruleth the earth in righteousness," and "who daily loadeth with his benefits;" but by an innate sense of the existence of an over-ruling Power, by which the world and all it contains are governed and controlled. Aided by the dictates of cultivated reason, and the teachings of Divine revelation, we, however, are taught to recognize in that Supreme Ruler a Heavenly Father, to whom we are indebted for existence and all the blessings we enjoy, and to whom we owe constant and fervent thanksgiving and praise. It is He who "visiteth the earth and watereth it;" who "setteth the furrows and blesseth the springings thereof;" who crowneth the year with his goodness, and whose paths drop fatness;" who "clotheth the pastures with flocks, and covereth the valleys with corn; who maketh the out-goings of the morning and the evening to rejoice;" who is "our refuge and strength;" who "maketh war to cease," and "saveth us from our enimies;" whose "throne is forever and ever," and who "blesseth the nations whose God is the Lord."

On all sides we have increased assurances of the "loving kindness" of an All-wise Parent of Good, who has conducted our nation through a long and terrible war, and permitted our people to once more repose in safety, "without any to molest them or make them afraid." The monstrous sentiment of disunion is no longer tolerated. The Flag, the Union, and the Constitution are esteemed as the safeguards of the rights and liberties of the people, and are revered and defended as the ark of their political safety.

A kind Providence has not grown weary of supplying our continuous wants. A bounteous harvest has rewarded the labors of the husbandman. Flocks and herds are scattered in countless numbers over our valleys and hills. Commerce is uninterrupted, and vessels laden with the products of nature and of art, speed, unmolested, over the trackless deeps. Neither pestilence, famine, political or social evils, financial embarrassments or commercial distress, have been permitted to stay the progress and happiness of the people of this great Commonwealth; but peace, health, education, morality, religion, social improvement and refinement, with their attendant blessings, have filled the cup of comfort and enjoyment to overflowing.

Recognizing our responsibility to Him who controls the destinies of nations as well as of individuals, and "from whom cometh down every good and perfect gift," and to whom we are deeply indebted for all these and the richer blessings of our common Christianity, let us unitedly give our most devout gratitude and hearty thanksgiving.

I, therefore, do hereby recommend that THURSDAY, THE 28TH DAY OF NOVEMBER NEXT, be set apart as a day of praise and thanksgiving, that all secular and worldly business be suspended, and the people assemble in their various places of worship to acknowledge their gratitude and offer up prayers for a continuance of Divine favor.

GIVEN under my Hand and the Great Seal of the State, at Harrisburg, this thirty-first day of October, in the year of our Lord one thousand eight hundred and sixty-seven, and of the Commonwealth the ninety-second.

JNO. W. GEARY.

Totten's Patent Grooved Chill Rolls,

Equally valuable for BAR IRON AND STEEL, and especially for rounds and squares. We have made these Rolls for 8 inch, 9 inch, 10 inch, 12 inch, 16 inch and 18 inch trains. Wherever used they have given great satisfaction, and we have the pleasure of referring to the following testimonials:

OFFICE OF THE AKRON IRON CO., Akron, July 12th, 1867.
Mr. Robt. C. Totten, Pittsburgh, Pa.—Dear Sir: We have had a pair of your patent grooved chill rolls in our use for the last six months, and find them of a superior quality. The iron finished on them is of a smooth, even surface, and free from scales, and I consider them in all respects of great advantage, making better iron and of less expense, in consequence of requiring less dressing. Yours truly,
BENJ. GROSVENOR, Sup't.

PITTSBURGH STEEL WORKS.
ANDERSON, COOK & CO., Manufacturers of all Descriptions of Steel,

PITTSBURGH, Sept. 7 1867.
Mr. Robt. C. Totten—Dear Sir:—The grooved chilled rolls which we procured from you about a year since have proved to be a perfect success. There is a great saving in dressing over soft Rolls, and give a much better finish to the Steel. We consider them indispensable.
Your truly,
ANDERSON, COOK & CO.

BLACK DIAMOND STEEL WORKS,
PARK BROTHER & CO.,
PITTSBURGH, Sept. 18, 1867.
Mr. Robt. C. Totten, Pittsburgh—Dear Sir:—In reply to your inquiry in relation to your new patent grooved Chill Rolls, we have to say that having used a number of them, we find they answer our purpose admirably. We are now using a pair of 18-inch grooved Chill Rolls, the last pair you made for us. These Rolls are used for finishing large rounds, and enable us to obtain such a finish upon our Steel as could not be had with the use of the ordinary grooved Rolls. The saving in turning your Rolls ready for use, is fully one-fourth less than is necessary when plain Chill Rolls have to be grooved in the turning lathe, whilst the advantage gained with your grooved Chill Rolls is, that the whole surface of the groove is uniformly hard, requiring not over one-half the work that is usually needed to dressing the ordinary grooved Rolls. We believe you have gained a great point in producing a grooved Chill Roll, an article that has long been needed by the manufacturers of Steel and Iron, to enable them to produce an article with a good finished surface.
We take pleasure in recommending manufacturers of Steel and Iron to give your grooved Chill Rolls a trial. Respectfully yours,
PARK BROTHER & CO.

We think we are warranted in believing that they will eventually take the place of Soft Rolls, especially for Rounds and Squares.
All orders promptly attended to.

FINANCE AND TRADE.

OFFICE OF THE PITTSBURGH GAZETTE,
WEDNESDAY, November 6, 1867.

On receipt of the failure of Garibaldi's movements on Rome, gold declined to 139¾, and afterwards to 138⅝; fluctuating between that and 139⅜, and closing at 138⅝, with a dull market. All arguments made a few days ago in favor of a rise are now said to operate favorable to a decline, and even the result of the election, as it it now turned out, was to advance gold considerably; it had the contrary effect, and may cause a much heavier decline yet. The opposition in Congress toward the President is materially reduced and impeachment is impossible, and Congress is not likely to adopt and financial measures that would lead to expansion; the contraction of the currency debt and greenbacks must force down the premium on gold, and likewise depress the price of our bonds.

National securities are dull but somewhat firmer, without any investment demand. The stock market is dull, except New York Central, which advanced 2 per cent.

Closing New York quotations received by Ph. R. Mertz, were as follows:

Gold, 138⅝; 1881's, 112; 5-20s, 1862, 108¼; 1864, 105⅞; 1865, 106⅛; Consols, 107½; 10-40s, 100⅝; 7-30, 105⅜.

—We clip the following from the New York *Tribune* of Tuesday:

The conversion of 7-30 notes into 5-20 bonds is proceeding so rapidly that before Congress adjourns next summer it must adopt a funding scheme covering the whole national debt. Many people erroneously think that the Treasury is now funding the debt, but it is a great mistake. It is only inducing holders of 7-30s to exercise their right to take a twenty year six per cent. bond at the maturity of the 7-30s, prior to their maturity. After these "calls" for six per cent. bonds are satisfied, and a little breathing time gained by the Treasury, funding proper will be in order. It was, and is still, the expectation of the Government to be able, when the five years option on the 5-20s matures, to renew them by a long bond at five per cent., of course in gold; and the hope was also entertained that when the ten years option on the 10-40s brought them within the control of the Treasury they would be either paid or renewed in a new bond at lower rates of interest. As it is now evident that the national debt is not to be paid off in an absurdly short period of time, but that it can only disappear gradually from the surplus revenue of future years, the best mode of funding it, so that its payment shall not embarrass the country, will soon be eagerly sought by Congress and the people. The trouble with the debt now is, that it is of various issues, all of them short, and, like the notes of a merchant outstanding, must be paid by fresh borrowing on short time. A nation to borrow cheap must first assure its creditors in most positive terms that the income upon its securities will be paid in coin, the value of which is nearly universal. Its next point is to make the obligation it gives long, as the length of a permanent investment is an element of value, almost as important as the rate of interest. This element of remoteness in maturity has thus far been neglected in the United States by borrowers of all degrees, among corporations, States, and the National Treasury; by the latter greatly to its disadvantage. This want of long investments in securities of undoubted value has long been felt by trustees of estates, and by all desirous of investing funds when security of the principal and certain fixed income could be got. Assuming the fact that the people will demand of Congress that the debt shall be paid by a moderate demand upon them for taxes, through an extended period of time, the most practical way of funding the debt will be found in an irredeemable five per cent. bond, or, if the term irredeemable is distasteful, *bonds payable at the pleasure of the Government after fifty years*, and allow the holders of any existing security to exchange them at par for the fifty-year bonds. Into these new bonds, with political harmony secured throughout the Union, as at no remote day, the entire national debt not paid by surplus revenue, from a much lower rate of taxation than now prevails, would surely go. In that form it could be bought in open market at its current price from surplus revenue, at less cost to the people than by leaving it, as now, in the form of short loans at six per cent., falling due at fixed dates. The proper funding of the debt is hardly less in importance than political reconstruction, and the sooner it is attempted the better. That the debt is to be paid in full, and upon the terms expected by the lender, is conceded by all but a few political adventurers and nothing remains but to adopt the most economical mode of doing it.

—The Chicago *Tribune*, of Tuesday, says: There is a growing disposition on the part of the banks to give an impetus to the grain shipping interest, by curtailing discounts on grain paper and calling in loans made on property stored here. On two or three occasions at the close of last week loans were called in, and it was understood that such was the case this morning. We are glad to find that the banks are beginning to realize the situation. There are in store to-day somewhere in the neighborhood of 1,400,000 bushel of wheat, representing fully two and one-half millions of dollars, and it is safe to say that the banks have advanced on it to the extent of nearly two millions. Navigation will close in about two weeks, and unless some vigorous efforts are now made to force it to the seaboard the banks will be obliged to carry it and the accumulations of the winter months, until the opening of navigation. In the meantime the hog crop will have to be moved from the interior to the packing houses in the city, there cured, and afterwards shipped east, and this cannot be done without the assistance of the banks. The longer they continue to carry the stock of wheat now stored here, the less able will they be to meet the wants of the packers, and other legitimate business operations. Some day a loud call will be made for money by parties whom the banks cannot refuse, and in order to get it, they will be compelled to spill a little grain. Such may happen when navigation is closed, and the result must be a break down in the market. Now is the time for the banks to shut down and force the property to the seaboard. A month hence it may be done, but not with the same ease as at the present.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE,
WEDNESDAY, November 6, 1867.

The general markets continue dull and heavy, especially for the leading articles, and there is no prospect at present of any immediate improvement. The remarkable stringency in money matters is one of the principal causes of the present depression, and the uncertainty in regard to values tends very much to restrict operations.

GRAIN—Wheat is quiet but steady with but little in market; we continue to quote at $2,28@2,30 for No. 1 Spring; $2,55@2,60 for prime Red Winter; and $2,70@2,75 for White do. Corn continues very dull, the supply being largely in excess of the demand; we now quote old at $1,15@1,20, and new at 85@90c. Barley, also, is dull, and malsters are endeavoring to force a decline; we now quote Spring at $1,25@1,30. Rye is dull but unchanged at $1,50. Oats steady and unchanged; 65@66c on track, and 68@70c in store.

FLOUR—There is no improvement to note in the demand, and while the market is dull and weak, prices are without quotable change. We continue to quote at $10,50@10,75 for Spring Wheat; $12@12,50 for Winter Wheat, and $14@15 for fancy brands. Rye Flour is quoted at $8,75@9 per bbl, and Buckwheat $6@6,50 per cwt.

PROVISIONS—Bacon is dull; small jobbing sales at 13¾@14c for Shoulders; 16½c for Ribbed Sides; 21c for Plain Sugar Cured Hams and 22½@23c for Canvassed do. Lard dull at 13¾@14c, and Mess Pork at $22@22,50.

POTATOES—With continued liberal arrivals the market is a little dull, but prices are unchanged; sales of Peach Blows at $1 per bush, and Jersey Sweets at $5 per bbl.

APPLES—Continue dull with a supply largely in excess of the demand; regular sales in store at $2,50@2,50 per bbl, for good to choice.

MILL FEED—Is in light supply, but the demand also is light. Sales of Bran at $1,50, per cwt, and Middlings at $2,30.

BUTTER—Prime Roll is in better demand and firmer but unchanged; we now quote at 35@40c—the latter for choice.

EGGS—With a limited supply, light arrivals and an improved demand, fresh packed have advanced to 30c.

HAY—Is firm, with a steady demand, and regular sales from country wagons at $18@24, as to quality.

CRANBERRIES—Firm but unchanged; regular sales of common at $9@10 per bbl, and cultivated at $13@14.

OIL—Lard Oil is quoted at 88@90c for No. 2, and $1,10@1,15 for No. 1.

PITTSBURGH PETROLEUM MARKET

OFFICE OF THE PITTSBURGH GAZETTE,
WEDNESDAY, November 6, 1867.

CRUDE—The market continues unsettled and irregular, and, to say the least, a little panicky, and while the sales, in the aggregate, continue pretty large, prices are still declining steadily, and it would seem that the bottom has not yet been reached. It is rumored that this last raid on the market was helped considerably by some heavy "bear" operators, and the probability is, that after they get it down to the lowest notch, they will again turn "bulls," and then there will be as strong a pressure to run the price up as there has been within the last day or two to put it down; and if there is not a bulk rise very soon or good indications of one, this movement will doubtless be successful. In case of a rise, lower prices are generally conceded, and he who operates against the probability of an early resumption of navigation certainly places himself in a very dangerous position, as the weather is very deceitful at this particular season of the year. Dispatches from Petroleum Centre reports offers to sell at $2,90, on cars there, with no buyers, and $3 at Oil City. The sales reported today, were as follows:

2500 bbls	first water	8¾c
2500 "	all year, seller's option	8½c
2500 "	" " "	8¼c
2500 "	November, buyer	9¼c
1000 "	first water	8c
4000 "	"	8½c
3000 "	November, buyer	9½c

REFINED—There was a fair business done in bonded oil to-day, the sales reaching nine thousand barrels, but, as will be seen, prices have still further declined. The market, however, in sympathy with crude, is also in a panicky condition, and fears are entertained in some quarters for the safety of some of the eastern buyers, in case there is no reaction and higher prices between now and the first of next month. A loss of $3,50@4,00 per bbl is a pretty serious thing to those who have bought largely, and no ordinary man or clique can stand up long against such a loss, and as we have already stated, unless there is a reaction, there is no way of avoiding it. A considerable amount of oil was sold last month for November at from 33½ to 37c, while to-day it was sold at 28@28¼c, as will be seen by the following sales:

1000 bbls	November, buyer	28¼c
2000 "	November and December	27¾c
1500 "	November, buyer	28c
1500 "	December, buyer	28c
1000 "	" "	27½c
2000 "	" "	27½c
1000 "	November	28¼c

RIVER NEWS.

The river continues to recede slowly at this point with three feet two inches in the channel by the pier marks last evening. The weather continues clear and pleasant; we are in hopes, however, that the sharp frosts of the last few days will lead to more rain very soon.

The Leni Leoti arrived and cleared for Parkersburg, and the J. N. McCullough is due here from that point this morning. We cannot speak advisedly, but, we presume, that she will leave again at noon.

The Glendale left for St. Louis about noon yesterday with all the freight she could take on the water. She left here drawing about three feet, and her barge also was was drawing all the water. It was rumored that she had run aground at Brunot, but we could not trace the rumor to any reliable source.

The Grey Eagle did not leave yesterday, for Parkersburg, her regular day. We presume, Captain Brennan has concluded to wait for more water.

The Mary Davage and barges, Capt. Hugh Campbell, is announced to leave for St. Louis to-day. The barges will be found at the foot of Market street—Mr. B. F. Whiting is the clerk, and Capt. Chas. Barnes is acting as her agent. Capt. Campbell is one of our oldest steamboatmen, and his new enterprise will, no doubt, prove a success.

The Argosy and Express were advertised to leave Cincinnati for Pittsburgh, the former on Tuesday, and the latter on Wednesday.

The St. Louis *Republican* says that Captain Josh Throop has commenced the study of theology. He associates now only with long-haired colporteurs and such other persons as confine their conversation wholly to religious subjects.

Friday's Memphis *Bulletin* says that Capt. J. B. Davis intended "starting for Cincinnati that pay to look for a boat to put permanently in place of the Rowena." The next day's *Bulletin*, however, contains the following:

Capt. J. B. Davis is still in the city. He is awaiting the arrival of the Underwriters' agent from Cincinnati, when both will proceed to the wreck of the Rowena, and see whether she can be raised and put in order within sixty days. In the event that she cannot, a new boat will be procured immediately.

We take the following item from the New Orleans *Crescent*, of Friday: Capt. Wm. Danley, late master of the Geo. D. Palmer, died night before last of the prevailing fever. The flags of the various steamers at the landing were displayed at half-mast yesterday in token of respect to his memory, and his remains followed to their last resting place by a large concourse of sorrowing friends.

Says the Cincinnati *Gazette*, of Tuesday: Capt. A. Robinson, Jr., has sold out his boat store at No. 19 Public Landing, to Cullum, Cunningham & Co. Capt. John Anawalt arrived in the city yesterday from Pittsburgh, to take the Wild Duck and barges to St. Louis.

LOUISVILLE, November 4.—The river has risen nearly seven inches here since yesterday noon, and is still rising. There is 28 inches full in the canal, and about 35 inches over Portland bar. Heavy rains fell yesterday. Capt. J. W. Roberts and M. D. Cardiff have taken charge of the Legal Tender, and will put her in the Louisville and New Orleans trade. Weather clear and cold.

ST. LOUIS, November 4.—The Commonwealth leaves for New Orleans to-day, being detained to repair her boilers. She takes barges in tow, as did the Luminary yesterday. The Julia Adkins, Stonewall and barge line are loading for New Orleans. The river is stationary. There was a severe storm yesterday, with little rain. At latest advises no rain had fallen at St. Paul, or on the Upper Mississippi, and navigation continued difficult, with freights abundant. Also, along the Missouri. The Louisville and Louisiana are here, and again laid up.

The Wheeling *Intelligencer*, of Tuesday, says: Capt. Darragh came down from Pittsburgh, by rail, to take charge of the Bellevernon. We noticed Captain Johnson, of the Glasgow, prospecting for a trip to St. Louis. That old veteran among boatmen, Captain O'Neal, of the Forest City, made his appearance once more at the landing with his craft, after an absence of three or four months. We see that Baze Doyle, "the fat boy" is still in the office of the Forest City. The St. Marys came down from her summer quarters, and is much improved by the extension of her cabin. She leaves for Cincinnati and Louisville tomorrow evening. Captain Sweeney will be in command. The Sechier came up from below on Sunday night, and left last evening for Cincinnati. The Importer, Capt. Ness, Glasgow, Capt. Johnson, and the Bellevernon, Captain Darragh, were at the landing last night, and are receiving freight for St. Louis.

The Cincinnati *Enquirer*, of Tuesday, has the following: Mr. Joseph Cunningham has retired from the steamboat agency firm of Cunningham & Bennett, having purchased the boat-store of A. Robinson & Co. Mr. Lou. Bryson and Captain Bennett have associated in the agency business, at the old place, under the style of Bryson & Bennett.

The Memphis *Appeal* of Friday says: The Louisville and White river packet Ida Reese will no doubt make a clean sweep of the balance yet on hand of the $25,000 guaranteed by Louisville merchants to her line of packets. She struck a log near Devall's Bluff, and we learn she broke thirty-four timbers. This same obstruction killed the steamer Return, not many months ago, and at various times has been the cause of disaster to steamers.

The *Avalanche* of same date observes: Capt. John Elliott, of the Des Arc, refused to give bonds to carry out his mail contract between Memphis and Vicksburg. He has thrown his contract altogether, and the post office department here has received orders from Washington to get responsible parties to put in new bids for the contract.

MISCELLANEOUS.

DR. J. SARGENT'S
FAMILY MEDICINES.

DR. JOHN SARGENT'S
Anti-Dyspeptic and Liver Pills,
A CERTAIN CURE FOR
Liver Complaints, Dyspepsia, Bilious Attacks, Jaundice, Sick Head-Ache, Colds, Costiveness, &c.

THE EXTRAORDINARY AND increasing demand for my ANTI-DYSPEPTIC AND LIVER PILLS, has induced me to make them more public, in order that their usefulness may be more extensive, and would earnestly beg of those who have tried other medicines and not experienced the relief they anticipated, to try, for once, SARGENT'S ANTI-DYSPEPTIC AND LIVER PILLS. There are no other Pills yet compounded which have given such universal satisfaction, nor do any other Pills meet the requirements of the household as do these.

I cannot, of course, enumerate the diseases for which these Pills are beneficial, but whenever a cathartic is necessary, they will effect a speedy and permanent cure. They remove from the blood all corrupt humors, which are always the cause of the disease; they open those excretory vessels which empty into the bowels; they give a healthy action to the liver, enabling it to throw off all corrupt humors; they promote the secretion of bile, aid digestion, purify the blood, and will, in a short time, restore the body to a state of sound health.

DYSPEPSIA.—This distressing malady—so prevalent in our country—is caused by a want of tone in the stomach, the usual symptoms of which are as follows: A pain or uneasiness upon pressure below the sternum or breast bone, sometimes attended with sour eructation (water brash or heart-burn;) a disposition to vomit, flushes of heat preceding from the stomach, instantly circulating through the whole system; loss of memory; a variable, uncertain appetite; great depression of spirits, inclining to melancholy; weariness and great antipathy to exercise.

It is seldom that all the above symptoms are found in the same patient at one time; any of them, therefore, is a sufficient indication of the presence of the disease and need of this medicine.

DR. SARGENT'S ANTI-DYSPEPTIC AND LIVER PILLS, never fail in curing this disease, when taken according to the directions.

I attach a few of the many certificates I could give in such a form as I hope will be satisfactory; but all the certificates I could publish will not inspire half the confidence that one trial will give.

FROM DR. JOHN BUTLER.

LOWELLVILLE, TRUMBULL Co., O.—DR. J. SARGENT—Dear Sir: I regret your want of attention in keeping me supplied with your Anti-Dyspeptic and Liver Pills; they sell so fast in my drug store. I have been using them in my practice also, with the best consequences. I find them the most efficient of any pills I have ever used. I have been frequently astonished at the large amount of bile removed by so small a quantity of pills given. I request you to send me a fresh supply immediately, as I have been sometime without. JOHN BUTLER, M. D.

STEUBENVILLE, OHIO.—DR. SARGENT—I write to request you to send me a box of your Anti-Dyspeptic Pills by mail. I have not been able to get them since I left Allegheny. I cannot do without them; they have done me so much more good than any other medicine I ever used. I hope you will send some down to our druggist, so that I can get them when I want. I am sure they will sell fast if known. Your compliance with the above will oblige yours, respectfully,
JANE WARLOW.

ROCK POINT, BEAVER CO., PA., February 21, 1866.—DR. SARGENT—Dear Sir: After suffering for two years with Liver Complaint, attended with bad cough, and trying several remedies, I was induced to try your pills, which relieved me immediately, and I take pleasure in recommending them to all suffering from those complaints. Very truly, yours, D. D. MORLEY.

ROCHESTER, PA., 1867.—DR. SARGENT—I consider that I owe my life to the use of your pills. Before I began to use them I was going down very fast. My physician had done all he could, and I still got worse; but when I began to take your pills I got better, and I have no need of the doctor. I am now seventy-five years of age.
ABRAHAM WALKER.

This is to certify that I have used Dr. Sargent's Liver Pills in my family for the last two years, and I consider them the best medicine I know of.
J. M. DEVINNY.
New Brighton, Pa., July 1, 1867.

DR. SARGENT'S ANTI-DYSPEPTIC AND LIVER PILLS can be had of all Druggists—both sugar coated and plain. Be sure and call for Dr. Sargent's Anti-Dyspeptic and Liver Pills, and take no other.

DR. SARGENT'S
COUGH SYRUP,
An Old Preparation for the complete cure of
COUGHS, COLDS, INFLUENZA, CROUP, DIFFICULTY OF BREATHING, ASTHMA, QUINSY, PHTHISIC, ACUTE AND CHRONIC BRONCHITIS, NIGHT SWEATS, BLEEDING OF THE LUNGS, AND ALL DISEASES OF THE LUNGS, THROAT AND CHEST.

DR. SARGENT'S COUGH SYRUP contains nothing injurious, but can be taken by the smallest infant with perfect safety. It does not dry up a cough as most of the quack preparations do that are now flooding the country, but loosens the phlegm from the mucous surface of the Bronchial tubes, and assists its expectoration, at the same time allaying the cough and relieving all pain from the chests and lungs.

DR. SARGENT'S COUGH SYRUP is of incalculable benefit in Whooping Cough, subduing it in a few minutes, and specially effecting its radical cure; and for Croup or Hives it is the most efficient and reliable remedy ever yet discovered—one dose taken according to directions often saving the life of the child.

Sold by all Druggists and Dealers in Medicine. Buy a bottle and give it a trial.

DR. JOHN SARGENT'S
Diuretic or Back-ache Pills,
FOR ALL DISEASES OF THE
KIDNEYS AND BLADDER.

These Pills have now been before the public in this neighborhood for upwards of thirty two years, during which time they have been eminently successful in the removal and cure of these dangerous and troublesome diseases, which often baffle the skill of the best Physicians. This fact is well attested by the number of wonderful cures they have effected, some of long standing. A sense of duty and the urgent request of those who have experienced the beneficial effects of the medicine, impels me to make it more generally useful, by giving it a much wider circulation. Believing that there is no other medicine published for these complaints that can be carried to every man's door without the aid of a physician; and it is a well known fact that there are thousands who are either too far removed from or are unable to procure the aid of one who will be of service to them.

The disease commonly called Back-ache, and to which these Pills are peculiarly applicable, is found to exist in the aged or infirm, the laborious and the sedentary, is caused by obstructions or chronic inflammation of the kidneys, ureter, bladder, &c., and is known by a deep-seated pain in the small of the back, sometimes extending round the loins to the abdomen; or a dull, heavy, or numbing pain, extending from the back down the lower extremity of the right abdomen to the inner part of the thigh. Great difficulty is experienced in voiding the urine, and many persons afflicted with this troublesome complaint are unable to endure violent exercise; many, when stooping, have danger in assuming an erect position. Having had numerous opportunities for years of testing the virtues and efficacy of this medicine and with the advice of those who have experienced the good effects of it, I now respectfully submit it to the public, believing that it will be generally beneficial. The certificates I publish are from this immediate neighborhood, and can be referred to at any time.

CERTIFICATES.

SIR—This is to inform you that I was very much afflicted with violent pain in the back, and great difficulty in voiding urine. I was recommended by Mr. McClintock to take some of your Diuretic Pills, which I did, and was perfectly cured, and I have not felt any of the complaint since, being eighteen months.
MERCER COUNTY. JOHN STEWART.

DR. SARGENT—SIR: I have to inform you that I believe I owe my life entirely to taking some of your Pills. I have been taking medicine for several days from my physician without effect, being confined to bed and in great agony, when my husband applied to you and was told by you that I had the gravel. I took the first dose as you directed, and experienced relief, and my disorder left me after taking the second.
ALLEGHENY. MARGARET BEAT.

DR. SARGENT—I was for a long time afflicted with what I thought to be rheumatism in my back, so that when I stooped down I could scarcely right myself again. I was advised to try your Pills. I have done so, and I have not felt it since. I have since given a great many away to others, who have found the same benefit.
J. WILLIAMSON.

CROWN'S BOTTOM INN.
SIR—I was for a long time afflicted with a pain in my back. I was advised by Mr. Williamson to try your Pills. He gave me some, which completely cured me. I have since obtained two boxes, and gave them to others that were with the same effect, and if you had charged ten dollars for them I would have paid it cheerfully.
LEWIS HUMISTON.

AKRON, OHIO.
SIR—I have been afflicted with the complaint described in your papers for the last five years, during which time I have tried everything I could hear of without effect, till I met with your Pills. I have now taken half a box, and feel more to continue taking them, as I feel better now than I have felt for four years, and I have no doubt the next box will cure me.
J. MILLER.

ALLEGHENY.
SIR—I have been troubled with back ache for four or five years, so that at times I could not rise up or lie down without pain. I took part of a box of your pills, which completely cured me, and I have been in perfect ease ever since. I do, therefore, confidently recommend them to others.
PETER CRUMPTION.

ALLEGHENY.
DR. SARGENT—SIR: I take this opportunity to state that your Diuretic Pills are the most effectual medicine for the back ache I ever met with. I can confidently recommend them from experience.

MISCELLANEOUS.

ACROSS THE SIERRA NEVADAS.

THE
Central Pacific
RAILROAD,
THE WESTERN HALF OF THE
Great National Trunk Line Across the Continent,

Being constructed with the AID AND SUPERVISION OF THE UNITED STATES GOVERNMENT, is destined to be one of the MOST IMPORTANT AND VALUABLE RAILROADS IN THE WORLD, as it is the sole link of communication between the Pacific Coast and the Great Interior Basin, over which the immense overland travel must pass, and the

Principal Portion of the Main Stem Line Between the two Oceans.

Its line extends from Sacramento, on the tidal waters of the Pacific, eastward across the richest and most populous parts of California, Nevada and Utah, contiguous to all the great Mining Regions of the Far West, and will meet and connect with the roads now building east of the Rocky Mountains. About 100 miles are now built, equipped and in running operation to the summit of the Sierra Nevada. Within a few days 35 miles, now graded, will be added, and the track carried entirely across the mountains to a point in the Great Salt Lake valley, whence further progress will be easy and rapid. Iron, materials and equipment are ready at hand for 300 miles of road, and 10,000 men are employed in the construction.

The local business upon the completed portion surpasses all previous estimate. The figures for the quarter ending August 31st are as follows, in GOLD:

GROSS EARNINGS.	OPERATING EXPENSES.	NET EARNINGS.
$487,579 64	$86,648 47	$401,031 17

Or at the rate of two millions per annum, of which more than three-fourths are net profit on less than 100 miles worked. This is upon the actual, legitimate traffic of the road, with its terminus in the mountains, and with only the normal ratio of government transportation, and is exclusive of the materials carried for the further extension of the road.

The Company's interest liabilities during the same period were less than $125,000.

Add to this an ever-expanding through traffic and the proportions of the future business become immense.

The Company are authorized to continue their line eastward until it shall meet and connect with the roads now building east of the Rocky Mountain ranges.

Assuming that they will build and control half the entire distance between San Francisco and the Missouri River, as now seems probable, the United States will have invested in the completion of 865 miles $28,592,000, or at the average rate of $35,000 per mile, not including an absolute grant of 10,000,000 acres of the Public Lands. By becoming a joint investor in the magnificent enterprise, and by waving its first lien in favor of the First Mortgage Bondholders, THE GENERAL GOVERNMENT, IN EFFECT, INVITES THE CO-OPERATION OF PRIVATE CAPITALISTS, and has carefully guarded their interests against all ordinary contingencies.

The Company offer for sale, through us, their

First Mortgage Thirty Year. Six per cent. Coupon Bonds,

Principal and Interest payable in Gold Coin, in New York city. They are in sums of $1,000 each, with semi-annual gold coupons attached, and are selling for the present at 95 per cent. and accrued interest from July 1st added, in currency, at which rate they yield yearly

Nine per cent. upon the Investment.

These Bonds, authorised by Act of Congress, are issued only as the work progresses, and to the same amount only as the bonds granted by the Government; and represent, in all cases, the *first lien* upon a completed, equipped, and productive railroad, in which have been invested Government subsidies, stock subscriptions, donations, surplus earnings, etc., and which is worth more than three times the amount of First Mortgage Bonds which can be issued upon it.

The Central Pacific First Mortgage Bonds have all the assurances, sanctions and guaranties of the Pacific Railroad Act of Congress, and have in addition several noticeable advantages over all other classes of railroad bonds.

First—They are the superior claim upon altogether the most vital and valuable portion of the through line.

Second—Beside the fullest benefit of the Government subsidy, (which is a subordinate lien,) the road receives the benefit of large donations from California.

Third—Fully half the whole cost of grading 800 miles eastward of San Francisco is concentrated upon the 150 miles now about completed.

Fourth—A local business already yielding three-fold the annual interest liabilities, with advantageous rates payable in coin.

Fifth—The principal as well as the interest of its Bonds being payable in coin, upon a legally binding agreement.

Having carefully investigated the resources, progress and prospects of the road, and the management of the Company's affairs, we cordially recommend these Bonds to Trustees, Executors, Institutions, and others, as an eminently *sound, reliable and remunerative form of permanent investment.*

SIGHT RESTORED.

The case to which we alluded some weeks ago, of Christiana Fisher, of Beaver county, is now entirely confirmed by the appearance of Miss Fisher herself, who to-day called on DR. KEYSER in person, to thank him for his kindness and skill in restoring her to ENTIRE AND PERFECT SIGHT. Miss Fisher had been nearly blind for four months. She was so blind that she could not distinguish any object so as to make out what it was. The case is remarkable, as hundreds of cases like her's are doomed to never-ending darkness, on the flimsy pretext that there is no cure, and nothing can be done. She was under DR. KEYSER's treatment for two months, and before she applied to him, through her brother, SIMON P. FISHER, slight hopes were entertained of her ever getting her sight. Her case is well known in the neighborhood where she resides, and has been regarded as one of extraordinary recovery.

We, the undersigned, know of the cure of Miss Fisher, and bear willing testimony to the facts above stated.

The case above referred to was entirely cured by medicines to purify the blood, and it is witnessed by scores of persons who have known Miss Fisher, and have a knowledge of her total restoration to health, and the recovery of her sight, as the accompanying letter of her brother sets forth:

DR. KEYSER—This is the list of names that I have to your advertisement of the cure of my sister, Christiana Fisher. They were all willing to put their names down and were very much astonished to see that you brought her sight so soon. My mother sends her thanks to you; she says "you are one of the greatest men in the world." She says if we had not come across you she believes her child would not be living at this time. We all join in sending our love and respects to you.

CONSUMPTION.

It would take a man a lifetime to read the treatises that have been written upon this important subject, and if a sick man were to attempt it he would make himself worse by the reading, and die before he got half through. The symptoms of the disease are, hacking cough, expectoration of matter or pus, pain in one or both lungs, chilliness, burning in the palms of the hands and soles of the feet, exhausting day or night sweats, hectic fever, wasting of flesh or marasmus, sometimes expectoration of blood. These are the usual outward symptoms, apparent not only to the observing physician, but to the patient's friends. There are, however, more important symptoms than these, which are only made manifest by auscultation and percussion, terms which mean, in a medical sense, thumping and listening and they are employed outwardly in order to ascertain what is going on inside of the cavity of the chest. The signs of symptoms elicited in this way are almost sure to demonstrate the true and exact condition of the respiratory organs. A perfect auscultator can not fail in ascertaining whether the Lungs are acting naturally or not. Hence it is the best method of examining the lungs. Their actual condition once discovered, the appropriate treatment is more rapidly arrived at, and every diseased part more completely under the influence of appropriate remedies. We have long been of the opinion that consumption or decay, or wasting of the bodily strength, was dependent on a depraved state of the blood, which carries, in its course, tuberculous matter, and deposits it in the lungs, or elsewhere in the body, just as calculi or stone is deposited in the bladder, a small particle of which attracts other particles, until it becomes of such offense to the natural functions as to bring on inflammatory action, which action, if it could, would carry it out of the system, and which could have been easily done in the beginning of such disease. Dr. KEYSER'S PECTORAL SYRUP is a complete and perfect cure in the forming stage of lung disease. It acts on the very principle we have stated above, by enabling the securing or carrying off organs to do a double share of work. Waste and repair are easily comprehended, and if the worn out material be carried off, and the renewing materia of a proper character, there must be health and ease, the contrary of sickness and dis-ease. In many cases of consumption which have become settled, Dr. Keyser's Pectoral Syrup fails to cure, although it will do good in nearly all. He prepares a medicine called LUNG CURE or PULMONARY RESTORATIVE, which is a great tonic, and strengthens and restores the parts to be renewed, while it dissolves and carries out from the body those particles of worn out or extraneous matter, which only tend to clog or destroy it, by hindering the renewing material being deposited in its proper place.

PULMONARY CONSUMPTION, RESULTING FROM PLEURISY, CURED.

Statement of George Ford, carpenter, of No. 18 Sampson street, Allegheny City:

I took a violent attack of pleurisy, in May, 1866, which left me with a cough lasting all summer, wearing away my strength and gradually undermining my health. During this attack of pleurisy I had several physicians of the highest reputation in the city. After I had partially recovered from the pleurisy, I was advised to go into the country, which I did, and when there I called in a doctor, who told me my left lung was affected, and that if something were not done soon I would die of CONSUMPTION. I lingered on from this time until about the middle of June, my cough and lung disease gradually growing worse, and I weaker every day, and almost despairing of ever getting well. In this state of despondency, and knowing the general belief of the incurability of Consumption, and having heard of cures made by DR. KEYSER, and seeing his advertisement in the newspapers, I was induced in October last to call on the Doctor at his office, 120 Penn street, and had him examine my lungs with his "LUNG SOUND." He told me the upper obe of my left lung was very much diseased, but he thought with great care and the perseverance in the use of his medicine, I would get well. At the time I called on Dr. Keyser my pulse was over one hundred and thirty beats in a minute, and I was generally prostrated, and had to cough night and day. I commenced the Doctor's treatment in October, with a feeble, broken constitution, and continued it faithfully until the present time. The Doctor's medicines helped me from the very start, and I could gradually feel myself getting stronger, and my cough and expectoration lessening. I have gained greatly in flesh, and consider myself well; all the rattling of my lung has ceased, and my general health is in every way good. All my relatives and friends know of the advanced stage of my disease and my extraordinary recovery. One of the medicines given me by Dr. Keyser was a medicine called LUNG CURE, which I took in connection with the other treatment. GEORGE FORD.
PITTSBURGH, March 30, 1867.

ANOTHER CURE OF CONSUMPTION.

STATEMENT OF JOHN G. WIGHAM, OF TURTLE CREEK, ALLEGHENY COUNTY.

I was discharged from the United States army in January, 1866, on account of a wound in the head, from a shell, and a disease which the army physicians pronounced CONSUMPTION. I had a terrible cough and fell away in strength and flesh and was unable to do anything. Shortly after my return from the army, I made application to a physician of my neighborhood and, afterwards, to another in Pittsburgh of high reputation, whose remedies I used faithfully for five months, without any benefit whatever, but rather grew worse, and wasted in flesh and strength every day. In August, 1866, my mother took me to DOCTOR KEYSER, at 120 Penn street, whose skill in such cases like mine had been highly spoken of and put myself under his treatment. The Doctor examined my lungs very carefully with his LUNG SOUND, and told me that my left lung was badly diseased at the upper part, but if I was careful he thought he could cure me by following his directions closely, which I did from that day to this. I gradually improved under Dr. Keyser's medicines from the first week I commenced to take them, and my general health has improved, and my chest, where it was sunk, away, and where it pained me, has become full and strong and free from pain. I can now do a full day's work, and take great pleasure in giving my testimony in favor of Dr. Keyser's treatment and medicines.
JOHN G. WIGHAM, Turtle Creek.
PITTSBURGH, April 11th, 1867.

A case of five years' standing cured by DR. KEYSER'S PECTORAL SYRUP:

DR. KEYSER:—My wife has been afflicted with a cough and difficulty of breathing for five or six years, which, for several years back, had gradually increased in violence. The complaint has been hereditary, and she had been treated by several physicians without any relief. In this state of her case I procured some of your PECTORAL COUGH SYRUP. I bought the first time a fifty cent bottle, which relieved her very much; I then called and got a dollar bottle, which cured her entirely, and she has now no trace of the former disease, except weakness. I would also state that I used the medicine myself for a cold and cough. The medicine cured me by taking one dose. I express my entire satisfaction with the medicine, and you are at liberty to publish this if you desire to do so.
WM. WILSON,
Alderman, Fifth Ward.

Our son, JAMES PAINTER, some 23 years of age was afflicted with consumption of the lungs, for which he was discharged from the army. He was examined by four army physicians, who all agreed that he must die with the disease. We brought him to Dr. KEYSER, 140 Wood street, (now 120 Penn street,) who, after sounding his lungs, commenced to treat him, and cured him in the short space of four months. He is now well and hearty, and has been so for the past three years. Others afflicted in like manner can likewise be cured.
